Objective

To effectively manage the use of lands under the care and management of Western Sydney Parklands Trust (the Trust) by Parklands visitors.

Introduction

The Trust recognises the importance of open space for the community. The Trust welcomes, supports and provides opportunities for visitors and the community to participate in a variety of activities within the Parklands.

With increasing visitation across the Parklands, the Trust is committed to manage:

- a) Equity of access – e.g. potential conflict with users, management of demand, domination and monopolisation of areas and use of public land.
- b) Impact on facilities – e.g. large groups causing undue wear and tear to recreational facilities and spaces.
- c) Public safety and liability concerns – e.g. shared paths and diversity of user groups.
- d) Impacts upon nearby residents, stakeholders and the public e.g. noise or litter.

This policy responds to the need to balance the use and enjoyment of the Parklands by visitors.

Aims

In implementing this policy, the Trust aims to:

- Ensure equity of access to the parklands;
- Ensure safety of participants;
- Ensure visitor activities do not impact on turf and facility condition and maintenance;
- Minimise safety and public liability concerns;
- Appropriately manage the parklands to prevent conflicts; and
- Minimise the impact on nearby residents, stakeholders and other parklands users.

Scope

This policy covers all lands within Western Sydney Parklands under the care and management of the Trust for all visitor's activities and functions:

This policy excludes leased or tenanted sections of Western Sydney Parklands as well as defined sporting venues.
